Oakdale Grade School Newsletter

August 20, 2021

Kindergarten students need to have a school physical, dental and eye exam. All 2nd graders need a dental exam and 6th graders need a school physical and dental exam. Please have all physicals and exams done by October 15th.

In Accordance with CDC Guidelines:

In accordance with State and Federal guidance, students/staff who are suspected of having COVID-19, whether they are tested or not, must be fever free (without fever reducing medication) for 24 hours before returning to school. If student/staff is suspect for COVID-19 and chooses not to be tested, they must stay home for a period of 10 days after symptoms begin. If the student/staff tests positive, return date will be determined by the Washington County Health Department. If student/staff tests negative, they may return to school (if fever free as explained above.) Students/staff may also get alternative diagnosis from their health care provider or the Health Department. Documentation must be provided to the school office.

We are still collecting aluminum cans. They can be left by the bus shed.

The school is doing a laundry soap fundraiser. Forms were sent home. All forms and money need to be turned in by September 7th.
